Community Navigators

What is the role and why is it important?
Benefits of filing a tax return

- The IRS is the largest anti-poverty benefits administrator in the country. They administer the following benefits:
  - Child Tax Credit
  - Earned Income Tax Credit
  - Child and Dependent Care Credit
  - Economic Impact Payments (commonly known as stimulus payments)

- But, every year, low-income families leave billions of dollars in IRS benefits unclaimed. **$10.5B of EITC** left on the table every year, largely by non-filers

- **4 Million families** are at risk of missing out
Barriers to filing and claiming credits

● Awareness
  ○ They don’t think they have to file their taxes
  ○ They may not understand that there are cash benefits to filing taxes

● Access to help
  ○ Trustworthy, affordable help is hard to find and help isn’t always available where they are, when they need it

● Access to technology
  ○ Low-to moderate-income households may not have access to a computer, or reliable internet

● Anxiety and Fear
  ○ They are overwhelmed by trying to understand the ambiguous consequences of filing
Community Navigators

Why Navigators?
- Outreach alone isn’t enough to solve these problems; many families don’t know how to access these benefits and need guidance doing so
- Trusted navigators with access to the right resources can make a huge difference

What are Navigators?
- Navigators are trusted, community-based guides that help marginalized households:
  - Build trust in products and benefits
  - Access and utilize digital tools to access their tax benefits.
  - Provide technical support
  - Refer tax-related issues and questions to appropriate organizations
- Navigators do not need to be tax experts to help individuals access their benefits

## GetYourRefund Process

GetYourRefund Virtual VITA service matches clients with a Volunteer Income Tax Assistance (VITA) site virtually. Volunteers prepare and file federal and state tax returns on behalf of the client. The typical Virtual VITA process is listed below:

1. **Client completes Gyr application and uploads pictures of ID and tax documents.** As noted to the left, this includes uploading a copy of their SS card or ITIN paperwork for every member of the household.
2. **Information is routed to VITA partner.** They are typically routed to their state or local VITA program but some clients may be sent to a national partner.
3. **Intake call.** Clients will receive a notification that they’ll receive a call from a VITA volunteer. During this call they’ll be asked clarifying questions to ensure the site has all the information they need to accurately prepare their return. VITA volunteers may reach out ahead of the call to ask for any missing information via text or email.
4. **Return prepared by a volunteer and reviewed by a 2nd volunteer.** The volunteer may reach out with follow up questions as needed via text or email.
5. **Review call:** Clients will receive a notification when their return has been prepared and that they’ll receive a review call. During this call, a volunteer will review the completed return, ask any follow up questions, and answer any questions from the client.
6. **E-sign return:** After the review call, the client will be prompted via text or email to review an electronic copy of their return and when ready, e-sign their return.
7. **Submission:** Once the VITA site receives the e-signature, they can e-file the federal and state tax returns. Clients will be notified when their return is accepted.

- They can reach out to the GetYourRefund team via chat or email (filemyself@getyourrefund.org) if they have questions or get stuck.
- Below are client-facing guides that can be shared to make the process easier:
  - File Myself with GetYourRefund
  - File Myself with GetYourRefund for Child Tax Credit and Stimulus only clients (This guide helps people who do not have a filing requirement and only needs to claim their Child Tax Credit and/or missing third stimulus payment)
- Clients must use the link at GetYourRefund.org when starting their return to avoid fees.
- In order to efile, they’ll be asked to enter their prior year’s Adjusted Gross Income. They can skip this step if they did not file last year.
